INTERIOR & EXTERIOR SHUTTERS

The E-Zee Set Advantage

E-Zee Set Shutters are designed with architectural detailing and built with millwork quality. Our computerized machining process allows almost infinite design flexibility. We will build any size, any design, and ship most orders in 2 weeks!

Made in the USA

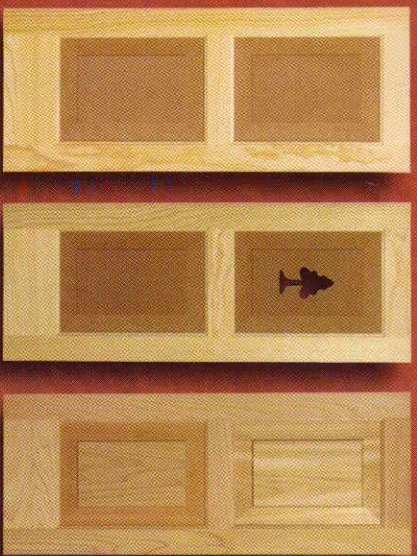

We specialize in non standard sizes and designs

E-ZEE SET WOOD PRODUCTS

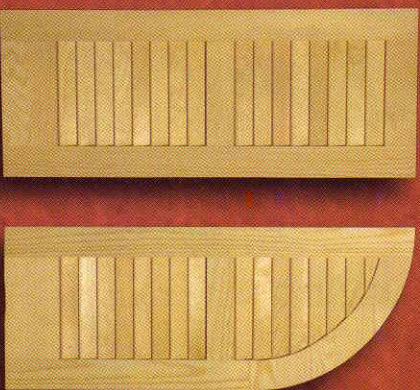

SINCE 1969

PANEL SHUTTERS

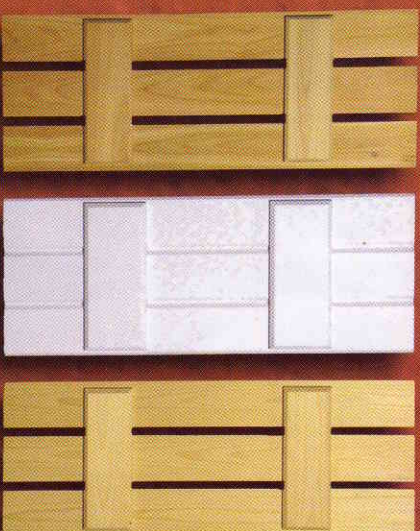

- Doweled Construction
- 1 1/8" Pine, 1 1/16" Cedar or 1 1/4" Primed Composite
- Raised or Flat Panels
- 1/2" composite panel standard
- Cedar panels optional

LOUVER SHUTTERS

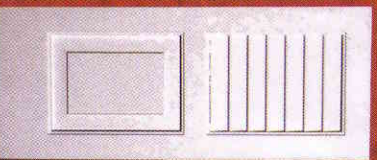

- Mortise & Tenon Construction
- 1 1/8" Pine, 1 1/16" Cedar or 1 1/4" Primed Composite
- 1 5/8" Louver Slats

BOARD & BATTEN

- Pine, Cedar, Primed Composite or PVC
- 3/4" Boards with 1/2" Spacing
- Composite and PVC are 1 pc. with V-Grooves to Simulate Boards

WOOD COMPOSITE

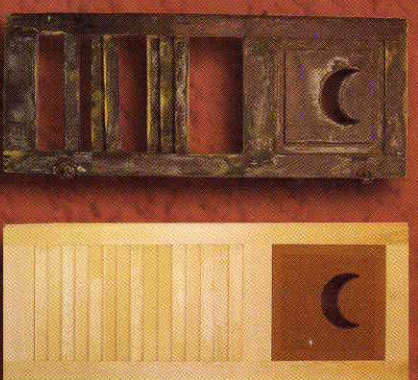

These shutters are made using a proprietary wood composite material manufactured from 90% wood fibers, phenolic resins, and zinc borate. It resists moisture, rot, insects, and splitting. Fully customizable and available with raised panels and faux louvers.

PVC PANEL SHUTTERS

These shutters are made from white PVC material and are virtually maintenance free. They do not require paint, but can be finished using a high quality acrylic latex paint to match your décor.

CUSTOM REPRODUCTIONS

ESTATE SERIES PANEL
Same as our standard series but thicker and have more detail. 3/4" panels are raised 1 side. 1 3/8" Cedar, 1 1/4" Wood Composite, and 1 1/4" PVC.
